

International Plant Science and Molecular Biology Conference

Madridge Publishers

International Plant Science and Molecular Biology Conference, hosted by the Madridge Conferences was held during **October 27, 2020** as a **Virtual conference** got magnificent response. With the support and guidance of Organizing Committee Members and Editorial Board Members and astonish presentations of all participants along with Scientists, Researchers, Students and leaders from various fields of Plant Science and Molecular Biology made this event a grand success.

Madridge Conferences expresses its gratitude to the committee members for taking up the responsibility to coordinate during the sessions for smooth functioning of this event. We are indebted to your support. Avery special thanks to our speakers and student participants to have bestowed and their faith and invested in us to make this event a fruitful one. We hope you continue your support in our future endeavors.

The conference was initiated with the honorable presence of the Keynote forum. The list includes:

Liang Chen, Tea Research Institute of the Chinese Academy of Agricultural Sciences, China

Aizman Roman, Novosibirsk State Pedagogical University, Russia

The meeting reflected various sessions, in which discussions were held on the following major scientific tracks:

- Plant Molecular Biology
- Plant Biotechnology & Synthetic Biology
- Plant Tissue Culture and Plant Nanotechnology
- Plant Biochemistry and Plant Physiology
- Biodiversity and Plant Ecology
- Plant Research and Environment
- Plant Pathology and Mycology
- Plant Genetics, Molecular Genetics and Genomics
- Agriculture Research and Agronomy
- Plants and Climate Change
- Plant Anatomy and Morphology

Madridge Conferences also took the privilege of felicitating IPMB-2020 Organizing Committee, Editorial Board Members of **Madridge Journal of Agriculture and Environmental Sciences (MJAES)**, Keynote Speakers, Chair and Co-Chairs and Moderator who supported this event.
